

Technology Resources for Faculty Members

www.newschool.edu/at

Academic Technology, comprised of an array of online and on-site services, offers technology services to the university community with a focus on curricular needs. Please visit the Academic Technology web site to see what you have access to and where to go for help. The following links are particularly helpful to faculty members:

-Help & Access Directory

http://www.newschool.edu/at/help/helpdir

-AT Supported Classrooms

http://www.newschool.edu/at/support/presrms/index.html

NetID

Your NetID, a username such as "LeeSo123," is your key to technology services at The New School. Use your NetID username and password to sign into MyNewSchool, to go wireless on campus, to log in to open lab computer workstations, and to print in the labs. For your convenience, the "Look up your NetID or Reset your password" link is available at various NetID login pages: MyNewSchool, webmail, and wireless.

MyNewSchool

MyNewSchool is the university's "single sign-on" portal. Log in at my.newschool.edu and click in the Faculty Tab for customized services, including:

- Groupwise university webmail
- Alvin/Self-service (personal records and academic information)
- "My Courses" (Blackboard/Online Learning)
- Computer and Software Deals
- Lab stations and Equipment Reservations
