

## Student-Admissions Reporting Need

Provide the ability to access student's admission decision, rating and hold information.

**View:** Student Admission Decision and Rating Information (NS\_AS\_ADMISSION\_DECISION)  
Sql source code: nsv\_asadmissions\_decision.sql

Below is a list of the main database tables accessed by this view:

- SARADAP Admissions Application Repeating Table
- SPRIDEN Person Identification/Name Repeating Table
- SPBPERS Basic Person Base Table
- SARAPPD Student Application Decision Repeating Table
- SARRRAT Selective Admissions Student Application Rating
- SPRHOLD Person Related Holds Repeating Table

### Key attributes:

The key attributes of this view are:

- Personal ID Master PIDM\_KEY
- Term Code Entry TERM\_CODE\_ENTRY
- Application Number APPL\_NO\_KEY
- Hold Code HOLD\_CODE\_KEY
- Admin ID ADMIN\_ID or ADMIN\_PIDM

Since the value for hold code or administrator's id could be multiple for each applicant per term per application number the view can return more than one record per applicant per term. The view captures all existing holds for particular applicant and administrator's info as well.

**Mandatory Conditions:**

The following elements **must** be supplied for the view to return information at the level identified above.

<b>Term Code Entry</b>	TERM_CODE_ENTRY
