

Application CHECKLIST for Student Housing

■ Determine Your Eligibility

Students who have confirmed their acceptance with a tuition deposit and who plan to enroll full time in a degree program, are eligible to apply for housing.

■ Define Your Needs

Look through the descriptions and amenities offered in each residence or apartment. Determine your specific needs, for example, campus proximity, kitchen facilities, apartment-style accommodations, etc. If you want to room with a friend, make sure you and your friend indicate each other's name on your respective application forms. Look through the housing rates and calculate your budget.

■ Review the Housing Contract & License Agreement

Carefully read the provisions in your student housing contract. Remember: Your housing contract is for the entire academic year. No refunds are granted to students who move off campus after the academic year begins.

■ Complete Application

Complete the Housing Application, Contract & License Agreement. Note any additional requests you have. If you require disability-related accommodations, contact the Office of Student Housing and Residence Life at myhome@newschool.edu for more information.

■ Submit Deposit

In order to complete your housing application, you must submit a Housing Deposit Form with a \$250 non-refundable deposit. The form is available at www.newschool.edu/student-services/housing. If you are paying your deposit by credit card, you may fax the form to 212.989.9361. If you choose to mail the form or pay by check, please use the envelope provided or send to:

Student Housing and Residence Life

THE NEW SCHOOL

WHY live with us?

The Residences

Did you know that research has shown that undergraduate students who live on campus are more likely to complete their college education, participate in university activities, adjust to new social situations, and develop lifelong friendships? While we do not require students to live in the residences, many choose to do so. Here are some factors worth considering as you make your decision:

Simplicity

You need to focus on your academics. Besides cleaning your room and doing your laundry, you need not worry about the day-to-day details of living away from home. There are no monthly bills to pay (except personal phone) and all maintenance needs are handled by maintenance staff.

Safety

Your safety is very important to us. We have 24-hour front desk security staff and live-in professional staff. Fire safety and health and safety inspections are conducted on a regular basis.

Support

Someone is always just a call away, day or night. We have on-call staff available 24 hours per day, seven days a week to provide you with assistance and support.

Personal Growth

Living with students from diverse backgrounds enables you to share life experiences, learn about other cultures, celebrate differences, and find new ways of looking at the world.

The Apartments

We understand that graduate and non-traditional undergraduate students seek a more independent living environment. The apartments provide this within a shared living arrangement with other students. While housing staff is always available to assist with any issue, students who reside in the apartments are expected to manage roommate matters and work with apartment management on maintenance issues. Our on-call system is available 24 hours per day, seven days a week to handle emergency situations.

HOW do I apply?

First, visit our website:

www.newschool.edu/student-services/housing

Please read the Housing Contract & License Agreement carefully before you apply. Your online signature is binding.

Here are some of the policies you will find:

- Housing contracts & license agreements are for the full academic year.
- No refunds are granted to students who move off campus after the academic year begins.
- We cannot consider requests for room assignments or room changes based on race, religion, sexual orientation, or nationality.
- We will make every effort to assign you to your top residence choice, but this cannot be guaranteed.
- If you are unhappy with your room assignment, you may request a transfer.
- All of our residences and apartments are non-smoking.
- Pets are not permitted in the residences or apartments.

Second, complete the online application and fax or mail in your housing deposit form.

- Identify the residential option that best suits your needs and rank your priorities.
- Be honest when completing section 4 of the application as this will help us match you to a compatible roommate, if appropriate.
- Your application is not considered complete until we have received your tuition and housing deposits.

Third, look for communication from us.

- We will notify you when your application and housing deposit have been received.
- Housing assignment letter mailings will begin in July for the fall semester and December for the spring semester.

Finally ... We look forward to welcoming you to your new home!
