

Tuition Waiver Plan Policy

This policy applies to full-time faculty and non-union full-time and part-time administrative staff

The University provides a Tuition Waiver benefit for eligible courses taken at the New School. The tuition waiver applies to tuition and mandatory fees (excluding health service fees). Eligible faculty and staff (or “Employees”), and their dependents including legal spouses, Qualified Domestic Partners, and children are eligible to participate in the plan.

Eligible courses include courses listed under the University’s continuing education offerings. Course listings can be viewed at: <http://ceregistration.newschool.edu/register/>. All other university courses are available only to individuals admitted to a program of study for which the course being requested is part of the curriculum, and which is covered under the tuition waiver plan.

Waiting Period

Eligibility for this benefit is effective after completion of three months of continuous and regular employment starting with the semester which begins after the three month waiting period is met. Dependents may also apply after the faculty or staff member has completed the three month waiting period.

Who is Eligible?

- Full-time staff and faculty members who have completed the required waiting period.
- Part-time administrative employees who work a minimum of twenty hours per week, are classified as benefits-eligible, and have met the required waiting period.
- The legal spouse of a full-time staff or faculty member or part-time administrative employee who has completed the required waiting period. The spouse of an employee is defined as the person to whom the employee is legally married (a divorced or legally separated spouse is not eligible). A copy of a marriage certificate or recent tax form is required as part of the application process.
- The domestic partner (same sex or opposite sex) of a full-time staff or faculty member or part-time administrative employee whose New School Statement of Domestic Partnership has been approved by Human Resources (a “Qualified Domestic Partner”).
- The child(ren) (biological child, stepchild, or adopted child) of a full-time staff or faculty member or part-time administrative employee who has met the required waiting period. There is no age limit for children.
- The child(ren) of a Qualified Domestic Partner of a full-time staff or faculty member or part-time administrative employee who has met the required waiting period. There is no age limit for children.

Valid documentation for a child includes:

- For a biological child: The child’s birth certificate which shows the names of both parents and the child.
- For a stepchild: The child’s birth certificate which shows the name of both parents and the child, the marriage certificate of the employee and parent of the child.
- For an adopted child: Legal adoption papers.
- For a child of a Qualified Domestic Partner: The child’s birth certificate which shows the names of the parent(s) and the name of the child, a copy of a completed and approved New School Statement of Domestic Partnership.

Tuition Waiver Guidelines

Eligible Employees may receive a tuition waiver for a maximum of two courses per semester. The exception is for Graduate Students in a MFA Writing program who are permitted to take three courses per semester. Requests for additional courses (that exceed the plan maximum) require written approval from the Employee's supervisor and Human Resources via the Tuition Waiver Request Form.

This two course maximum does not apply to eligible spouses, Qualified Domestic Partners, and children. They may receive a tuition waiver for a regular full-time course load.

Eligible/ineligible courses:

- Eligible courses include courses listed under the University's continuing education offerings. Course listings can be viewed at: <http://ceregistration.newschool.edu/register/>.
- Private lessons are not available for non-matriculated students in the Mannes Extension Division. Private lessons, taken as part of a program in the Mannes Preparatory Division, are eligible for a discount of 25% of the total cost.
- All other courses are available only to individuals admitted to a program of study for which the course being requested is part of the curriculum. Anyone interested in being admitted to a program of study should contact that program's admission office for further details.
- Courses offered jointly by The New School and Bank Street College of Education are eligible courses under the plan. These courses are solely administered by Bank Street College of Education.
- All other courses that are not referenced above are not eligible under this plan, including, but not limited to, study abroad programs (such as those offered through Parsons SPACE {Summer, Pre-College Academy, and Continuing Education}, the Lang/Global Citizen Year Fellowship, etc.), NSPE courses in partnership with the International Culinary Center, and courses that are not taken at The New School.

Eligible Employees must schedule courses so they do not conflict with the normal work day. If this is not possible, prior approval in writing is required from their supervisors for a temporary adjustment of the work schedule via the Tuition Waiver Request Form.

An Employee, spouse, Qualified Domestic Partner, or child(ren), who is eligible for a tuition waiver **is not** eligible for any scholarship(s) from the University. However, the student may apply for a loan through Student Financial Services.

If a spouse, Qualified Domestic Partner or child of an Employee is hired by the University in a benefit-eligible position, their eligibility for the tuition waiver benefit will be determined exclusively on the basis of the spouse or child's employment status.

Application Process

A Tuition Waiver Request Form must be completed by the staff or faculty member and submitted to Human Resources before registering for a course, along with proof of relationship, if applicable. Tuition Waiver Request Forms are available at www.newschool.edu/hr/forms under the Benefit Forms and Documents tab and should be sent to Human Resources at 79 Fifth Avenue, 18th Floor, New York, NY 10003 or faxed to 212 229-5884.

Once approved by Human Resources, the individual will receive an email regarding the registration process. If the tuition waiver application is incomplete, untimely, or denied, the staff or faculty member will be billed by the University for the tuition and mandatory fees (excluding health service fees).

Individuals who have been admitted to a program of study should participate in advising and registration during the prescribed registration period for that program. The Tuition Waiver Request Form should be submitted to Human Resources prior to the payment deadlines for the term (Aug 10 for the fall term and Jan 10 for the spring term).

A new Tuition Waiver Request Form is required in the event that the individual decides to register for a new/different course.

Dropping a course for which a tuition waiver had been issued must be done during the University's drop/add period. If not, and late fees are incurred, it is the responsibility of the Employee to pay the late fees. This Tuition Waiver Policy will not cover late fees.

Tax Implication

Eligible Employees should note that the amount of the tuition waiver, if applicable, will be included in the Employee's taxable income, which is subject to all payroll taxes, and reportable on the Form W-2 for the calendar year in which the course begins. These taxable amounts, which are defined as Wages-in-Kind, will increase the Employee's Federal, State, Local and FICA taxable income and will generate additional withholding assessments against the Employee's payroll wages. The Employee's pay stubs and the annual Form W-2 will reflect taxable income and withholding amounts related to both payroll wages and wages-in-kind.

Please refer to the following matrix which identifies which type of courses would be subject to taxation:

Student	Undergraduate Program	Graduate Programs	Adult/Continuing Education (non-degree)
Full-Time Staff or Faculty Member or Part-Time Administrative Employee	No tax liability	Amount of tuition and mandatory fees in excess of \$5,250 in a calendar year is added as taxable income to the Employee	No tax liability

The taxable amount will be proportionally added to each paycheck through the end of the calendar year. No individual tax withholding arrangements are permitted.

*See the Tuition Waiver Request Form for more information about claiming a child as a dependent for federal tax purposes.

Termination of Employment

Courses for Credit

- Upon termination of employment with The New School, an Employee, spouse, Qualified Domestic Partner or child registered in courses for credit may continue to attend the courses in the current semester. However, the balance of any tuition and taxes remain collectible. Employees are required to make arrangements with Human Resources for payment of these balances that are due directly to the University. Note: The University reserves the right to deduct the remaining taxes from a final pay check, unless the course is converted to a non-credit course (in which case, taxes will not be required) prior to the last day of employment.

Courses for Non-Credit

- Upon termination of employment from The New School, an Employee, spouse, Qualified Domestic Partner or child registered in non-credit courses may continue to attend the courses in the current semester without further obligation.
