

March 28, 2008

Dear Dean's List Students,

On behalf of The New School, I congratulate you for making the Dean's List for the fall 2007 semester. This recognition is well-deserved since it demonstrates your exceptional academic achievements in pursuing your undergraduate degrees. I know that to make the Dean's List requires not only enormous commitment to your academic studies, it also requires strong organizational skills and the ability to manage responsibilities outside the classroom. This is a major accomplishment in your academic careers and life.

The entire university community celebrates your achievements and continued success.

Bob Kerrey, President
