Student Reporting Need

Provide the ability to access general person information.

**View:** General Person Information (NS_AS_SPAPERS)
Sql source code: nsv_asspapers.sql

Below is a list of the main database tables accessed by this view:

- SPBPERS General Person Information Table
- SPRIDEN Person Identification/Name Repeating Table

**Key attributes:**

The key attributes of this view are:

- Personal ID Master PIDM_KEY

Since the PIDM is an internal ID number unique to each student, the view returns one row of information for each student.

**Mandatory Conditions:**

There are no mandatory conditions for this view.
### Attributes:
