Culture and Media Program Worksheet
for academic years: 2018-19 and 2019-20

In addition to the requirements outlined in this program worksheet, Lang has specific general requirements, including a minimum number of credits in liberal arts courses as well as college residency requirements. All students should read the general Degree Requirements at the Lang website [bit.ly/LangBABS] and consult with their Student Success advisor in addition to their Departmental Faculty Advisor each semester to ensure they are on track to graduate.

To be sure the Degree Works version of this worksheet reflects the same information, students should forward any approved exceptions of the following requirements to their Student Success advisor.

The minimum grade for Core courses is B. Receiving a grade lower than a B requires retaking the Core course if you want to continue with the major. A grade of D in a non-Core LCST class cannot be counted toward the major (although it can still count for overall credits). A minimum GPA of 3.0 is expected for all students intending to declare in Culture and Media (slightly lower GPAs can be accepted if the student receives an A in the Introductory course connected to their area, or both Introductory courses if the student is mixing and matching between areas).
