Lang’s General Degree Requirements
In addition to the requirements outlined in this program worksheet, Lang has specific general requirements, including a minimum number of credits in liberal arts courses as well as college residency requirements. All students should read Lang’s General Degree Requirements at the Lang website and consult with both their Student Success advisor and their Departmental Faculty Advisor each semester to ensure they are on track to graduate.

Degree Works
To be sure your Degree Works account reflects the same information in this worksheet, students should forward any approved exceptions of the following requirements to their Student Success advisor.

Bachelor’s-Master’s Program
Undergraduates in the BA-MA program can earn up to 18 credits (depending on the master’s program) in New School Master’s courses and apply those graduate credits to both their BA/BS and their MA. Submission of the Bachelor’s-Master’s application is required (members of the direct entry cohort do not have to submit an application but do have to declare the Bachelors-Masters combination they wish to pursue). Students should consult their Departmental Faculty Advisor and their Student Success advisor if they are pursuing a BA/BS - MA, including the one offered in Environmental Studies:

• BA/BS, Environmental Studies - Environmental Policy and Sustainability Management (MS)

STUDENT NAME: ____________ NEW SCHOOL ID: ____________

DEGREE: ☐ BA ☐ BS ☐ BA/BFA ☐ BS/BFA ☐ BA/MA ☐ BS/MA

Declare your major by following the process outlined in Declaring a Major.

Introductory Core Courses
UENV 2000 Environment and Society
or UENV 2100 Environmental History, Race, & Resource Mgmt (4 cr.) ___________________

UENV 2400 Urban Ecology (4 cr.) [Fall only] ___________________
LSCI 2500 Chemistry and the Environment (4 cr.) [Fall only] ___________________

Advanced Core Courses
UENV 3200 Spatial Thinking with GIS (4 cr.) [Fall only] ___________________
UENV 3400 Urban Resilience (4 cr.) [Spring only] ___________________

Economics and Math Courses
UENV 3501 Economics of the Environment (4 cr.) [Spring only] ___________________
LMTH 2030 Statistics with SPSS (4 cr.) ___________________
LMTH 2050 Math Models in Nature (4 cr.) [Spring only] ___________________

continued…
Lab Course – Choose 1 from the list below (4 credits):
UENV 3450 Ecology Lab (4 cr.)
or LSCI 3029 Water Quality Lab (4 cr.)

1. ____________________________________

Social Science Elective – Choose 1 from the list below:
UENV 3510 Planning Sustainable Cities (3 cr.)
UENV 2530 Environmental Justice (4 cr.)
UENV 4703 Social Justice in Sustainable Food Systems (3 cr.)

1. ____________________________________

Design Electives – Choose 3 from the list below:
PSDS 2100 Research and Development Methods (3 cr.)
PSDS 2510 Visualizing Urban Change (3 cr.)
PUDM 2101 Economics and Ethics of Sustainable Design (3 cr.)
PSDS 2532 Urban Interventions (3 cr.)
PUDM 1100 Intro to Design and Management (3 cr.)
PUDM 1101 Design Strategies and Everyday Experience (3 cr.)

1. ____________________________________
2. ____________________________________
3. ____________________________________

Internship Requirement
UENV 3901 Professional Internship (0-2 credits)

Senior Capstone
UENV 4210 Directed Research (Pre-Thesis) (4 credits)
UENV 4211 Directed Research (Senior Thesis) (3-4 credits)
or approved advanced course option

TOTAL ENVIRONMENTAL STUDIES CREDITS
(55-59 credits for the BA; 67-71 with Concentration electives)
