The idea of a liberal arts education implies a commitment to a course of study that involves self-enlightenment, self-cultivation, and the honing of one’s critical faculties. The Liberal Arts Major is a path of study that puts this commitment into practice. Students majoring in Liberal Arts bring together themes, methods, and questions that are available across the Lang curriculum in a self-reflexive and challenging intellectual project.

Students interested in building a self-designed, self-reflexive program of study around particular themes or areas of inquiry may do so by completing a proposal for a path of study. The proposal must indicate the theme(s) or subjects they intend to study, an intellectual rationale for the proposed course of study, the probable selection of courses they will complete, and a detailed narrative of how the courses build upon the chosen theme(s). The path statement must be approved by the Chair of Liberal Arts no later than the first semester of the junior year. Junior transfer students must have path statements approved during their first semester in residence. Students are strongly advised to consult with the Chair of Liberal Arts before submitting the proposal for a path of study in Liberal Arts.

A minimum of TWELVE courses plus a senior capstone is required. Additional courses beyond the minimum thirteen are strongly encouraged. In addition to the requirements for the major, Lang has specific general requirements, including a minimum number of credits in liberal arts courses as well as college residency requirements. All students should read the general Degree Requirements and consult with an advisor each semester to ensure they are on track to graduate.

A minimum grade of C is required for all courses offered for completion of the major. Students are responsible for reading course descriptions when choosing classes for their self-designed major. If they choose a class that requires permission due to pre-requisites and/or is a course from another college within The New School such as Parsons, College of Performing Arts, or any of the graduate programs, they must seek permission via the proper procedures. Requesting permission is not a guarantee of being granted permission.

In addition to the requirements outlined in this program worksheet, Lang has specific general requirements, including a minimum number of credits in liberal arts courses as well as college residency requirements. All students should read the general Degree Requirements at the Lang website [bit.ly/LangBABS] and consult with their Student Success advisor in addition to their Departmental Faculty Advisor each semester to ensure they are on track to graduate.
