Emergency Food, Pharmacy, and Transportation Cards
Student Health Services and Student Support and Crisis Management offer temporary emergency support cards for students who have an immediate and urgent need. An immediate and urgent need is defined as the following: no access to food, no access to money, no Metrocard to attend classes, no money to buy a needed prescription, or resources for food and transportation will expire in less than two days. Students who do not have an immediate and urgent need (e.g., who can wait at least 48 hours) and who are Petrie Fund eligible should avail themselves of that fund first. It is expected that the student will work with Student Support staff or outside resources to take steps toward long-term stability.
